TO: Honorable Mayor Jerry Sanders

RE: American Recovery Reinvestment Act of 2009 – CDBG-R

I appreciate the opportunity to offer the following recommendations for CDBG-R funds.

Union of Pan Asian Communities has been the primary provider of human care services to Asian and Pacific Islander communities. They would like funding to upgrade facilities for ADA compliance and seismic retrofitting and are ready to proceed with construction.

Second Chance assists economically disadvantaged and homeless persons to gain employment. They are seeking funding for a second classroom and enhanced community room for meetings and graduations. The project is ready to begin in July 2009.

Camp Hope is a residential camping program that provides therapeutic and educational programs for families impacted by violence. Funding would assist in completing Phase 1 of the camp, which includes a lodge, cabins and recreation facilities. Construction is ready to commence.

Urban Corps of San Diego County serves at-risk young adults and their communities through conservation and environmental service work. They would use funding to renovate their multi-purpose community room. This project could break ground in August 2009.

Attached are applications and contact information for each of the organizations. If you have further questions please contact Kelly Batten in my office.
